In this homework, you will use HTML5 new features to create your web pages. Keep header and footer the same across the pages.

The first page will look like the following.

Montclair Red Hawk Resort

Home Yurts Activities Reservation

Enjoy Nature in Luxury

The header must be the same on all pages

Note menu is part of the header and must be the same on all pages

Montclair Red Hawk Resort offers a special lodging experience on the Nwe Jersy Shore. Relax in serenity with panoramic views of the Atlantic Ocean.

- Private yurts with decks overlooking the ocean
- Activities lodge with fireplace and gift shop
- Nightly fine dining at the Overlook Cafe
- Heated outdoor pool and whirlpool
- Guided hiking tours of the redwoods

Montclair Red Hawk Resort
1 Atlantic Ave.
Atlantic City, NJ 07777
973-655-4166

Use this address on your page

Copyright © 2018 Montclair Red Hawk Resort
yourfirstname@yourlastname.com

This is footer. Put your MSU email address on second line

When Yurts clicked, the following page will show up.

Montclair Red Hawk Resort

Must be the same

The Yurts at Montclair Trails

What is a yurt?
Our luxury yurts are permanent structures four feet off the ground. Each yurt has canvas walls, a wooden floor, and a roof dome that can be opened.

How are the yurts furnished?
Each yurt is furnished with a queen-size bed with down quilt and gas-fired stove. The luxury camping experience also includes electricity and a sink with hot and cold running water. Shower and restroom facilities are located in the lodge.

What should I bring?
Bring a sense of adventure and some time to relax! Most guests also pack comfortable walking shoes and plan to dress for changing weather with layers of clothing.

Footer

When Activities link clicked, a page like the following will show up. Organize four activities in a table form. You may decide activities of your choice. Some activities are free and some are not. You can use images of your choice.

Once again, the header and footer must the same as mentioned before!

Montclair Red Hawk Resort

Home Yurts Activities Reservation

Activities at Montclair Trails

Pool - Free	Parasailing - $100
Golf - $20	Hiking - Free

Create a favicon image so that it will show up on the tab of browser like Google Chrome.

Favicons are small icon files (for example 16x16) that are displayed next to the URL of your site in a browser's address bar. Usually they displayed next to the name of your web site in a user's list of open tabs and bookmark listings making it easier for the user to quickly identify amongst other sites.

For example the following is hw2 index.html tab on Chrome

The small image icon on the left of the tab is a small CS logo which is a favicon and is named as msu-csit.ico. I add the following line to all web pages of this homework

```
<link rel="shortcut icon" href="msu-csit.ico">
```

For more information on favicon see

https://stackoverflow.com/questions/11893478/add-favicon-to-website

https://stackoverflow.com/questions/25952907/favicon-ico-vs-link-rel-shortcut-icon

Here are two free favicon generator online sites among many others

http://icoconvert.com/

https://www.favicon-generator.org/

How to submit:

Create a folder call it *yourname-lab2* and put ALL html documents and any other files such as images if there is any into this folder.

Zip this folder and submit it to Canvas

Important: To prevent your code mix up with others, you must follow the instruction to submit your lab.

Fail to follow the instruction, will cause you 20% of your grade!
